

INTEGRATED SAFETY, HEALTH, ENVIRONMENTAL AND QUALITY POLICY

Tradebe is a global leader in sustainable waste management, reclamation and recycling. Our mission is to provide sustainable, innovative and quality solutions that contribute to improving our environment.

Tradebe is committed to delivering high standards of health and safety, environmental protection and customer satisfaction. Our integrated SHEQ Management System is founded on the following CORE PRINCIPLES:

ENSURE THE HEALTH AND SAFETY OF OUR EMPLOYEES, COMMUNITY, CLIENTS AND VENDORS

based on the risks inherent to each work place or activity, eliminating those risks that are avoidable and evaluating and controlling those that are not. Promoting a culture of compliance within the company's established Life Saving Rules.

AS A GOOD CORPORATE STEWARD OF THE COMMUNITY, manage waste to protect the environment and the health and safety of our neighbors.

ENSURE OUR OPERATIONS MEET CURRENT LOCAL, STATE AND FEDERAL REQUIREMENTS AND LAWS

applicable to the tasks performed.

PROMOTE ENVIRONMENTAL PROTECTION by the hierarchical sequence of reuse, recycling and recovery of materials to contribute a sustainable environment.

COLLABORATE with public administration, industry experts, educational institutions and business associations in the search for solutions to the environmental issues facing our society.

DEDICATE THE TECHNICAL AND HUMAN RESOURCES necessary to maintain a robust, integrated SHEQ Management System that ensures compliance with this policy.

CHECK, REVIEW AND TRAIN ON OUR EMERGENCY PLANNING AND PREPAREDNESS MEASURES, as well as our prevention and recovery strategies.

PROMOTE THE PROPER TRAINING AND DEVELOPMENT OF OUR TEAM through education, mentoring, awareness and accountability.

VICTOR CREIXELL
CEO
