Remember to limit the amount of waste you create.

Reuse means any operation by which products or components that are not waste are used again for the same purpose for which they were conceived.

A resource method involving the collection and treatment of a waste product for use as raw material in the manufacture of the same or a similar product.

Any operation result of which is waste serving a useful purpose by replacing other materials which would otherwise have been used to fulfil a particular function, or waste being prepared to fulfil that function, in the plant or in the wider economy.
